

## Cheques are still the most Economical & Accepted way to Pay Your Bills

Having Cheques gives you the **freedom to choose** how an when to pay your bill. Allowing you to not put all your financial payment eggs in one basket with the banks.

Whether tracking your household payments or managing your company's payroll, **adhering to industry standards in security printing is incredibly important.**

## Cheque Fraud: A Serious Threat that Affects Us All

Did you know that fraud causes **billions of dollars in losses to businesses every year?**

Cheques are often targeted by counterfeiters, because of their widespread use. But they are still the most economical and secure method of payment. Plus, cheques help you personalize and promote your brand.

## World-Class Cheques

Rainbow Printing is a **certified Canadian Payments Association printer**, with our own **ID number: 1025**. We are the **only licensed cheque printer in Atlantic Canada.**

Our experience, expertise and attention to detail will give you peace-of-mind that your cheques have been printed with security features proven to exceed banking requirements in Canada and the USA.

Our cheques are locally **manufactured and printed** in our shop in **New Brunswick.**

Fluorescent Fibres

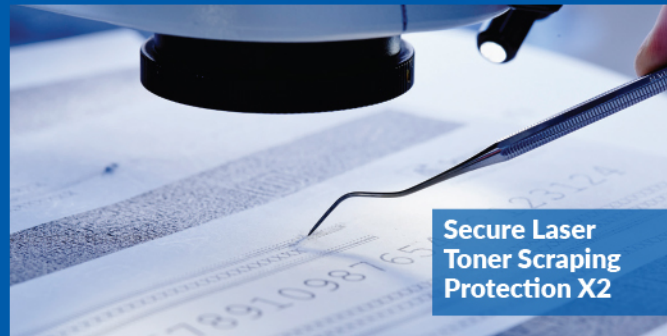

## Research & Development

Rainbow Printing ensures that all security printing from our facilities are fortified by the best anti-fraud printing advancements.

We are continually doing research and development to ensure that cutting-edge technologies are integrated into your design.

With current advances in cheque security, Rainbow Printing cheques help eliminate cheque fraud, with optional advanced security features.

# A Leader in Custom Cheque Printing Solutions

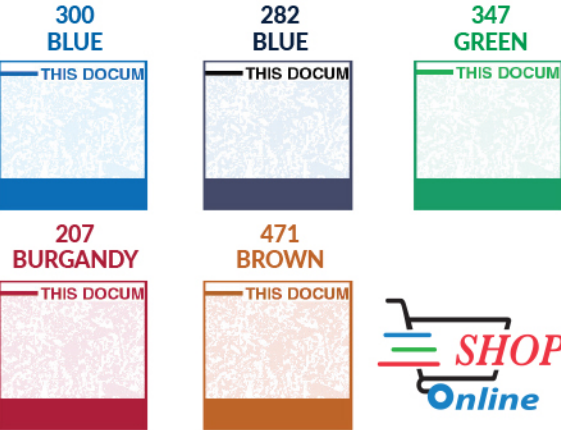

As Atlantic Canada's only licenced cheque printer, we manufacture our cheques **100% in-house** giving us the competitive advantage to supply you with **Custom** or **Standard** cheques quickly and affordably as well as keeping Canadians employed.

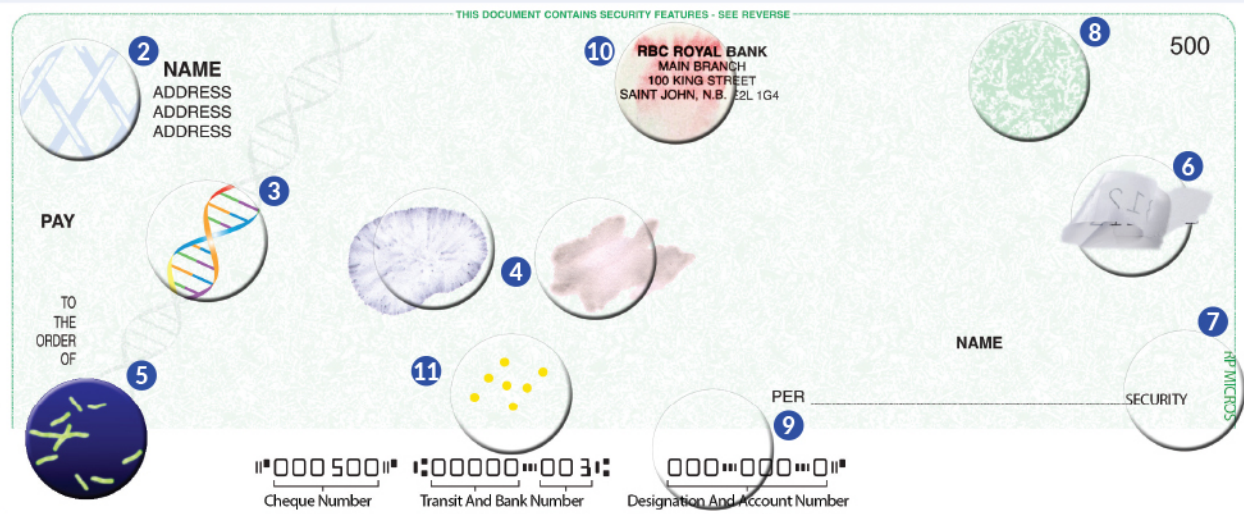

## 100% Software Compatible

Standard or customized, **Rainbow Printing** can meet the requirements of your software. Our laser cheques are compatible with both Laser and Inkjet printers.

## Standard Laser Cheque Colour Options

CUSTOM DESIGN & COLOURS ARE AVAILABLE

## State-of-the-art Security Features

We provide a suite of advanced layered fraud prevention covert and overt features to protect you. Our security features are built on 40 years of experience, produced with the highest quality and are included in our cheques.

### Paper Security Features

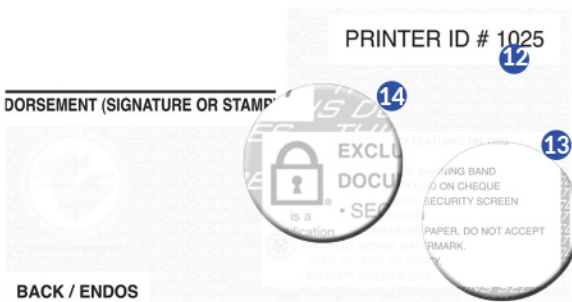

- 1 UV Dull Authentic Security Paper**
  - Manufactured by a certified Security Paper Mill in Canada making our paper secure and dependable
- 2 Genuine Fourdrinier Watermark**
  - Embedded in the paper during mill manufacturing and visible on either side when held to the light, paper is only sold to approved security printers
- 3 Invisible Taggant**
  - Manufactured into paper that can be verified with special equipment
- 4 Chemically Reactive Paper**
  - Five families of chemical reactive solvents identify stains, showing evidence of chemical altering
- 5 Fluorescent Fibres**
  - Only visible under ultraviolet light and can not be photocopied
- 6 Chemical Toner Anchorage**
  - An advanced coating on the paper that maximizes the adhesion of the laser toner to the paper fibre surface to prevent tampering

### Front of Cheque Security Features

- 7 Micro Security Printing**
  - Very small print, readable under magnification and difficult to replicate
- 8 Security Pantograph Pattern**
  - Intricate screens designed to not copy or scan well
- 9 Micro Encoding**
  - Cheques are numbered using special characters and magnetic toner, verified in-house via cheque verification machine
- 10 MICR Secure Bleeding Ink**
  - Special MICR toner is applied to the cheque and will bleed red showing chemical alteration attempts have been made
- 11 RP-Secure Blockout**
  - Anti - copy technology security feature embedded in the design to make duplication nearly impossible to reproduce

### Additional Custom Security Feature Protection

UV Security Toner Anchorage, Thermochromic, Photo Chromic, Coin Reactive, Chemical Sensitive, Erasable Inks and more...

### Back of Cheque Security Features

- 12 Canadian Payments Licenced ID Number**
  - Printer ID Number 1025
- 13 Warning Box**
  - Explains document's security features to alert handlers and deter forgery
- 14 "Padlock"**
  - Representing special security features that exceed bank requirements
